1033 - Designing and Implementing a Metrics Driven Management Dashboard

05 LEADING AND MANAGING THE ASSESSMENT OFFICE

Description:

The Osceola County Property Appraiser, FL will share their designed and implemented, modern web-based dashboard - designed to provide meaningful insights and actionable links to a deeper level of data. Attendees will see a live demonstration of the dashboard and learn about effective visual design, KPIs, and backend database design.

Start Date: 8/31/2021 11:00:00 AM

End Date: 8/31/2021 12:00:00 PM

Learning Outcomes:

1. Understand how dashboards work
2. Understand what metrics are important to track and why?
3. How to design an effective visualization tool with drill-down capabilities that meet the needs of several stakeholders.

Presenters:

Manish Bhatt MBA, MS - Osceola County, FL
