1032 - Using Remote Technologies to Address COVID Challenges

04 APPRAISING PROPERTY

Description:

The pandemic has fundamentally changed the way jurisdictions undertake their work by forcing agencies to think and operate “remotely”. Hear from fellow Assessors & Appraisers on how they successfully navigated these challenges through the use of technology.

Start Date: 8/30/2021 2:45:00 PM

End Date: 8/30/2021 3:45:00 PM

Learning Outcomes:

Successful application of remote appraisal technologies

Challenges experienced in the adoption of the technology.

Lessons learned and adaptive plans for a changing environment

Presenters:

Bob Locke - EagleView

John Wilson - King County, WA
